

Freelance front-end developer / student

City:

Lubliniec / Opole

Telephone number:

665 528 362

Email address:

radoslaw.siek-web.dev@wp.pl

OBJECTIVE

I am looking for an internship that will take place during the fourth and fifth semester in 2023 (starting in March) as a front-end developer / web-developer. Each semester, 480 hours of work must be completed within 15 weeks. The internship takes place 4 days a week - from Tuesday to Friday, for 8 hours a day.

Programming Languages:

- JavaScript || ES6
- HTML 5
- CSS 3

EXPERIENCE

Freelance front-end developer

Several commercial projects completed for clients. Communication with the client, wireframing and implementing functionalities to websites and applications built from scratch. Projects built with accessibility and RWD in mind. My work is available to view from my portfolio page and GitHub account.

Private projects

Dozens of completed projects and applications with all kinds of functions, from static websites serving information functions or being a showcase for a business to applications with multiple features supporting RPG games. Projects implemented in the BEM methodology built on SASS partials. My work is available to view from my portfolio page and GitHub account.

Tools and libraries:

- SASS
- OOCSS
- BEM
- JQuery
- DOM Manipulation
- Git
- Figma
- Microsoft Dynamics 365
- Excel
